Working capital for your business is closer than you think.

[And easier to get than you ever thought possible.]

Your company could qualify for up to \$500,000 in unsecured financing by leveraging an asset you probably have not thought about – your future sales receipts.

Fast, unsecured financing:

- One-page application
- Receive the funds in 5-7 days
- No upfront costs or hidden fees
- Poor personal credit is OK
- Payback is tied to the natural sales cycle of your business
- No fixed term
- No personal guaranty of repayment (unlike other cash advance companies)
- You can use it as a revolving line

Your business qualifies if:

- You have been in business for at least a year.
- You have at least \$4,000 per month in credit/debit transactions, or \$20,000 per month in total sales.
- Your business is located separately from your home.
- Your business is not in bankruptcy.

How does it work?

- After we fund your business, we receive a small % of your daily sales until we have collected the full amount of receipts we purchased.
- The process is automatic, so you don't need to write checks or remember a specific payment schedule.
- If your business slows down, our payments do too.

Flexible Programs to Fit Every Merchant:

Preferred Programs: If you have been in business for more than 3 years, and have a stable business and credit history, you'll probably qualify for one of our preferred Elite, Gold or Platinum Programs with extremely competitive advance rates. Around 40% of applicants qualify!

Standard Programs: Businesses that have shorter histories, less consistent sales, tax liens or credit issues usually qualify for our Standard Programs. These programs can qualify you for 1.5 – 3.2x your monthly average sales! With our proprietary risk model, we are able to fund many merchants that other funding companies will not consider.
